

Name	La Push	A
Typology	Low seat	
Designer	Aylin Langreuter	

Description	<p>La Push is a low seat that blends global tradition with contemporary living. Inspired by floor cushions from various cultures, it reinterprets this timeless form with modern aesthetics. The minimalist language is drawing influence from the alpha lock key of an old computer keyboard. Its graceful indentation, once meant for fingers, now creates a comfortable seating surface, inviting you to sit and stay grounded.</p>
